

Energy. Smarter.™

Next Generation
High-Performance Exterior Lighting

Parking Lot & Exterior

Get the same immediate, permanent improvement to your bottom-line as these companies!

Orion Energy Systems has saved thousands of customers nearly **\$1 Billion** by providing superior technology and energy management systems that are guaranteed to work as promised with absolutely no financial or technological risk!

These companies and many others are enjoying the benefits of Orion.

- **Guaranteed performance**
- **Patented technology delivers maximum energy savings**
- **More light**
- **No glare**
- **Instant on cold starts in extreme cold**
- **5 year ballast and 36,000 hour lamp warranty**

Guaranteed Success

Companies enjoying significant energy savings as a result of deploying Orion's exterior technology include:

	U.S. Foodservice Las Vegas, Nev.	Kraft Foods Granite City, Ill.	PreFlight Airport Parking Philadelphia, Pa.
Annual cost savings	58%	52%	49%
Annual energy savings	157,568 kWh	157,501 kWh	47,511 kWh
Annual carbon dioxide emissions reduction	105 tons	104 tons	32 tons

Orion Technology Advantage

In a reader vote by plant managers and other Plant Engineering magazine readers, Orion's exterior technology was selected over Cooper Lighting's LED exterior fixture for the gold award. Winners were announced in an awards ceremony during the publication's annual manufacturing summit in Chicago.

Don't be MisLED®

There is a lot of hype surrounding LED and induction lighting. Orion technology provides these advantages:

- **Saves More**
- **Costs Less**
- **Better Quality Light**
- **Orion patented linear fluorescent technology provides superior zonal coverage with less glare.**

InterPark Surface Lot, Chicago, Ill.

Coca-Cola Enterprises Inc.

Coca-Cola Enterprises installed the award-winning exterior technology at its Milwaukee, Wis., facility after technology demonstrations revealed that Orion’s 100-watt exterior fluorescent fixture provided 144 percent more light than the company’s existing 400-watt high-intensity discharge (HID) fixtures and 1,718% more light than competing 111-watt LED fixtures.

Orion’s technology delivered 5 foot-candles, in contrast to the existing HID’s 2.05 foot-candles. The competing LED technology actually produced lower light levels at .275 foot-candles. Coca-Cola Enterprises will reduce their energy costs by 66%, or 91,655 kilowatt hours, and reduce their carbon emissions by 60 tons per year using Orion’s new technology.

“We are very happy with the results! We have increased our lighting on the exterior areas and decreased our lighting cost. Love the light fixtures by the service doors - that was a dramatic improvement! This project went without a hitch. Delivery of the new fixtures and pickup of the old ones for recycling is an added bonus.”

Todd Beay - Coca-Cola Enterprises, Maintenance Manager

Next Generation High-Performance Exterior Lighting

Validation

Recognized by some of the world's most prestigious organizations, such as

- **National Society of Professional Engineers**
 - **Massachusetts Institute of Technology**
 - **Plant Engineering Magazine**
- and many others.

Orion won these awards for creating truly ground-breaking technology and delivering world-class results.

Energy. Smarter.™

With more than 6,100 companies using Orion technology and systems all across North America, you can rest assured that you are getting a proven, reliable system.

Orion Energy Systems leads the way with extreme energy efficiency, with everything from photovoltaic, daylighting, LED, high-intensity fluorescent lighting for interior and exterior, wireless control systems, thermal storage, and wind. Since 2001, Orion delivered these results:

- \$1 billion saved by our customers
- 126 of the Fortune 500 are customers
- 574 MW permanently displaced from the electrical grid (roughly equal to a traditional coal power plant)
- 13.2 billion kWh saved
- 8.7 million tons of CO₂ prevented from entering the atmosphere

Call **877.204.7540** today and learn how you can dramatically reduce your energy costs - without compromise or risk.
